1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/5/07 has been entered.

Response to Amendment

2. The amendment received 3/5/07 has been entered in full.

Response to Arguments

Regarding claims 29 and 45, none of the prior art discloses in combination with the other limitations of the claims a pattern inspection apparatus comprising: an input device for user-inputting information of a user-originated region to be masked on the object substrate and output means for outputting data regarding the defects detected by the defect detecting means by masking and excluding defects from the user-originated region matching with the

information inputted by the input device. Thus claims 29 and 45 as well as their dependent claims are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
